

Past Performance Statement

Contract – Management Services Agreement with Blackwater USA

Service:

Subcontracted to Blackwater Security Consultants (BSC), a division of Blackwater USA headquartered in Moyock, North Carolina.

Primary management functions were to supervise all aspects of Blackwater's Baghdad Iraq Operations Center, coordinate security and logistics activities in support of Department of State and Commercial contracts, oversee complex rotations of security personnel within Iraq, oversee the smooth flow of Blackwater personnel into and out of Iraq (200-300 personnel movements per month), and respond as key business development lead for Blackwater Security Consulting.

Secondary function was to operate a high threat security detail utilizing armored SUVs and armored personnel carriers (APCs) such as South African Mambas and British Saxons. Tasks included detailed tactical planning, training, and execution of the Mamba Team PSD operations between the International Zone, Baghdad and BIAP. Developed Tactics, Techniques and Procedures (TTP's) specifically for the conduct of the APC mission and conducted both individual and collective training of the TTP's for operators in country.

Tertiary function was supervision of third country nationals providing local site security, management of local national house service crew (cooks, maids, etc), negotiation of food, fuel, and vehicle maintenance.
